## inline with your insurance needs

## Commercial Property Insurance

Catlin underwrites a diverse property portfolio, offering tailor-made insurance policies to a wide market. Our underwriters have both the knowledge and experience to assess the most complicated and unusual commercial property insurance requirements.

Catlin can offer a broad range of bespoke solutions, providing a genuinely tailored approach to meet the needs of our clients. We do not have a 'standard' policy wording and can consider all risk features.

As part of Catlin Select's commercial property coverage, we offer BusinessAssist, a complete protection package that provides comprehensive disaster recovery planning. Aimed at small and medium-sized enterprises, BusinessAssist allows a company to maintain communications following a catastrophic loss.

**Targeted business sectors include:**

- Manufacturing
- Research and development
- Retail
- Administration
- Light commercial industries

# Catlin Select

Catlin Select is a range of insurance products written for UK commercial clients. Catlin Select combines broad, bespoke coverage with Catlin's first class client service. Coverage is written by Catlin underwriters located throughout the UK.

Catlin Select coverage is underwritten by Catlin UK (Catlin Insurance Company (UK) Ltd.), part of Catlin Group Limited. The Catlin Group is a worldwide specialty insurer and reinsurer, operating more than 50 offices in 20 countries and writing more than US$4 billion in gross premiums annually. In the UK, we are the largest insurer at Lloyd's of London as well as a leading underwriter of UK business through regional offices located throughout the country.
