

# Catlin Asia Aviation

## Our Products and Coverage

Catlin Asia writes all classes of Aviation Business with no specific restriction on the type of risk. We have a large capacity which enables us to write many risks 100% or alternatively we can quote for a lead share on larger capacity risks. Whilst specializing in General Aviation throughout South East Asia, we are able to call upon the expertise of our London Underwriters in writing larger Airline and Products accounts.

### Aircraft Hull

**Jamie Chambers**  
Underwriter

Jamie began his insurance career in 2002 working as an assistant underwriter for a bespoke aviation underwriting agency in the Channel Islands. In 2005 he joined Catlin Guernsey and after a short spell working in the London market was transferred to Singapore in 2006 to establish the aviation account. Jamie's experience is focused on commercial general aviation including rotor wing and products. He is currently studying for Associateship of Chartered Certificate of Insurance
