

Catlin Asia Specie

Our Products and Coverage

Specie is one of the classes of business we write in Catlin Asia covering a wide range of exposures namely:

- Jewellers block
- Cash in transit/vault risk
- Fine arts

Our clients encompass private policyholders insuring their private collections of art and jewellery to large corporations and museums, particularly focused on art, jewellery, precious metals and cash risks, both static and transit. The policies provided commonly insure against the risk of physical loss or damage. On niche classes like Jewellers Block, Catlin Asia has the required market knowledge and expertise.

Anna Tan
Underwriter

Anna started her insurance career in 1990 as a broker with Jardine Lloyd Thompson's retail division. Here she worked on the non-marine portfolio which included property, shipbuilding /marine liabilities, construction and engineering. In 1998 she joined the JLT Fine Arts division which she headed until joining Catlin Asia in 2003 to become their Specie Underwriter.
