

Catlin

Property Reinsurance

Underwriting appetite

This is a long-standing account at Catlin. Significant and lead capacity can be offered on a per risk and per occurrence basis on a non-proportional form, on business situated throughout the world. The team also write a book of pro-rata treaty, and again significant capacity can be made available, including on catastrophe exposed portfolios. Standard nationwide and regional property classes make up the bulk of the book, although support can be offered on stop loss, crop and terrorism in addition to providing clients with bespoke products.

Coverage

This book of business can offer the following coverage:

- Catastrophe-exposed Business
- Standard Property Risks
- Stop Loss
- Crop Business
- Terrorism Risks

Roy Foster
Deputy Business Group Leader
London

Following his graduation from Exeter University, Roy joined Syndicate 1027, MF Newton & Others, in 1994 as the Underwriting Assistant for the Treaty account. In 1998 MF Newton & Others became part of the Cox syndicate 1208 where Roy was made an Underwriter of the Property Treaty account. Roy joined Catlin in February 2002 as a Property Reinsurance Class Underwriter. He was appointed Deputy Business Group Leader for the Reinsurance Business Group in 2007.

James Mitchell
Class Underwriter
London

Having graduated from Loughborough University with a BEng in Product Design and Manufacture Engineering, James joined Aon in 2002 working for their High Net Worth and Fine Art division. He moved to Catlin in 2003 to work as an Underwriting Assistant on the Property Treaty account supporting the International and North American underwriters. In 2005 he was seconded to Catlin Bermuda to help integrate business processes and RMS modelling techniques on the Property Treaty account. James achieved his ACII designation in 2005 and was promoted to Assistant Underwriter in 2006 specialising on the North American account. He was promoted to Class Underwriter during the 2008 renewal season.
